## Sport Management Alumnus Pat Tetrick Attends Super Bowl XLVIII With The Denver Broncos

"The experience at the Super Bowl was tremendous," said Pat Tetrick, Guest Relations Manager for the Denver Broncos and alumnus of the Sport Management program.

The Denver Broncos organization offered to take all full-time employees with a guest to New York. The organization was so generous with their offer and most employees attended. Pat raffled off an all-expense paid trip to the game for one of the Guest Relations part-time staff. He said, "That was probably the best thing I have ever done working for the Broncos."
