For more information on **major** classes, please visit [http://webs.wichita.edu/?u=eecs&p=/mscn\\_new/](http://webs.wichita.edu/?u=eecs&p=/mscn_new/)

**Electives:**

Up to 12 credit hours of elective courses, i.e. courses other than the major courses listed on EECS web page, may be taken by an MSCN student. Of these 12 hours of electives, at most 6 hours may be from outside the EECS department. Any elective course taken at WSU should be numbered 600 or higher, and any elective transferred from another institution should be a graduate-level course that can be counted towards a graduate degree program at that institution. Electives from outside EECS taken by thesis or project students need to be approved by their faculty advisors, and those taken by coursework students should have significant computer-related or mathematical concepts, as determined by the graduate coordinator.

For more information on **electives**, please visit [http://webs.wichita.edu/?u=eecs&p=/mscn\\_new/](http://webs.wichita.edu/?u=eecs&p=/mscn_new/)
