Additionally, the Associate Dean of Students serves as the primary Conduct Administrator, as designated by the Vice President of Student Affairs. In this capacity, the Associate Dean of Students is responsible for Student Conduct & Community Standards to oversee and administrate the policies and procedures for the Student Academic Integrity policy.

This policy shall be reviewed a minimum of every three years under the direction of the Provost.

III. Purpose Statement

This policy sets forth the expectations for the responsible acquisition, discovery, and application of knowledge by students at Wichita State University (WSU), including the ethical use of information resources, and to ensure the integrity of academic credit and degrees conferred by the University.

Wichita State University is committed to the ethical pursuit of knowledge. In order to ensure the integrity of faculty evaluation of students, all members of the University community share responsibility for ensuring that students have demonstrated successful mastery of the learning objectives for each academic activity. By conferring a degree, Wichita State University is assuring the general public that the student has successfully met all requirements for graduation, including meeting the learning objectives for each academic activity. Indifference to academic misconduct is not a neutral act—failure to

confront and or deter such behaviors will reinforce, perpetuate, and increase the prevalence of academic misconduct in the University community.

Students are expected to complete independent, original work for each academic course or activity unless otherwise specified by the faculty member. Students should seek clarification when in doubt. Faculty members are required to communicate their expectations regarding Academic Integrity; including, but not limited to, collaboration, information sharing, and conducting ethical research. All syllabi must contain a section that includes information on the Student Academic Integrity policy. Additionally, faculty members are expected to adhere to the policy pertaining to the reporting and resolution of alleged violations of Student Academic Integrity.

Discretion is expected by those involved in the Academic Integrity process, especially as related to investigations of academic misconduct allegations. Details should only be shared with those that are on a need to know basis, and with compliance of FERPA.

IV. **Policy Statement**

As members of the University community, all students, student groups, and student organizations are expected to display respect for the rights of themselves and others and to be accountable for their behavior. Lack of familiarity with University policy is not a defense to a violation of this policy. Unless specifically noted in the policy definition, intent is not a required element to establish a policy violation.

Academic misconduct includes a broad range of infractions. The following list, while not comprehensive, provides examples of actions that violate the expectations for the responsible acquisition, discovery, and application of knowledge by students at WSU:

- A. **Plagiarism** – Representing the words, ideas, graphics, or any portion of another's work, whether published or unpublished, as one's own and/or without appropriate and/or accurate citation/attribution.
- B. **Unauthorized Use or Possession of Materials or Resources** – Using or possessing any materials or resources during an academic activity without the express permission of, or in a manner that is inconsistent with the express permission of, the faculty member. Unauthorized use of materials or resources includes, but is not limited to, any electronic device; course textbooks, articles, cheat sheets, other print sources; and/or looking at another individual's current or previous academic work. This includes submission of materials that were purchased or otherwise obtained by an outside or commercial source (e.g. ghostwriting or pay-for-paper services).
- C. **Unauthorized Collaboration or Consultation** – Collaborating or consulting with another individual or group during an academic activity without the express permission of the faculty member.
- D. **Fabrication, Falsification, or Misrepresentation of Information** – Providing fabricated or falsified information or misrepresenting information in an academic activity or related to academic attendance or other academic requirements.
