- ChatGPT: What is it and how are WSU and WSU Tech Responding?
  - David MacDonald, WSU and {{WHO}} discussing opportunities presented by generative AI. President Castro noted the opportunities with the WSU AI Group and the ARC sessions on AI. Senators emphasized the need to take a long term view because the technology is growing rapidly.
- Student Classroom Engagement & Faculty/Student Commitments:
  - Work of WSU Tech faculty in General Education and Professional Studies.
  - Faculty Commitments
    o Interact with 9 0 0 127.53 405 Tm9/F4 2 Tf 10 rg,9alinas Monroy, Tamtam

- o Ask questions and use support resources
  - o Develop organized and disciplined work habits
- New Health Science Center in Partnership with WSU, WSU Tech & KU
  - Zach Gearhart presented the overview of the vision, the planning, and now the design phase of the facility. The goal is shovels in the ground by December 2023, opening in 2026. WSU Dean Hand stated that we should begin now discussing partnerships and collaboration across departments rather than waiting until a building is constructed. Senators Billingham and Figy inquW*n U0.000082 0 2 62 reV
